Loop with cotter

FRL 2 Loop with cotter

Application

For standard insulators and copper or bronze cables or wires

Characteristics

Conductor attachment via captive corded cotter made of stainless steel, loop on the side for opening

Material

Inox A2 body, copper sling

Technical Specifications: Loop with cotter FRL 2

Article No.	111.055.043				
Material	InoxA2				
Nominal cross section conductor	16 mm²				
Wire diameter	4 - 5 mm				
For pull protected connections	Yes				
Suitable for round conductors	Yes				
Sleeve form	Short				
Suitable for high temperatures (to 650 °C)	No				
Oil stop/centre bar	No				
Suitable for fine strand conductors	No				
Type of connection	End connector				
Suitable for insulated varnish	No				
Insulation	None				
Surface protection	blank				
Useful for stranded conductors	Yes				
Voltage level	Up to 35kV				
Suitable for flat conductors	No				
Suitable for solid cores	Yes				
Model	Standard version				
Number of branches	1				
Commercial specification					
Customs number	85359000				
country of origin	CH				
Logistic specification					
VPE Weight	4.248 kg
